2026

ULTRAPOWER
INDUSTRIAL RESOURCES, INC.

COMPANY PROFILE

Trusted partner in industrial solutions since 2005

WHO WE ARE

Two decades of reliable supply.

2005 Year founded in the Philippines

20+ Years of sourcing and supply expertise

10+ Source markets: Japan, China, Germany, India, USA and beyond

Ultra Power Industrial Resources, Inc. is a leading provider of industrial supplies, instrumentation and control solutions. We serve the energy, manufacturing, oil and gas, and chemical sectors with top-notch sourcing and supply capabilities.

Reliability

Proven quality with reliable products and stringent in-house quality controls.

Customer Focus

Tailored solutions that match specific client requirements and operating conditions.

Comprehensive Support

End-to-end involvement from design to commissioning and after-sales service.

Partnerships

Strong global and local network with major manufacturers, ensuring quality and availability.

Who We Are

Introduction

Founded in 2005, Ultra Power Industrial Resources, Inc. is a leading provider of industrial supplies and instrumentations and control solutions in the Philippines. With 20 years of expertise, We take pride in our top notch sourcing and supplying capabilities for various industries, including energy, manufacturing, oil and gas, and chemical sectors.

- **Reliability:** Proven quality with reliable products and stringent in-house quality controls.
- **Customer Focus:** Tailored solutions that match specific client requirements and operational conditions.
- **Comprehensive Support:** End-to-end project involvement from design to commissioning and after-sales service.
- **Partnerships:** Strong global and local network with major manufacturers ensuring quality and availability.

OUR CUSTOMERS

Industries we supply, projects we support.

INDUSTRIES WE SERVE

Twelve sectors, one dependable supplier.

Power and Energy
Geothermal, Power Generation

Manufacturing

Oil and Gas

Chemical and Petrochemical

Water and Wastewater Treatment

Food and Beverage Processing

Facilities Management

Mining

Developers, Hotels and Resorts

Restaurant Chains

Agricultural Sector

Government
LGUs, Environment, Development and Infrastructure

Global manufacturers, one local partner.

PHILIPS

belven controls

BOLLFILTER
Protection Systems

ProMinent®

TOMOE

MEGA LAB

CNNC SUFA

pearl ELECTRIC

Nouryon

PROUD PARTNER

PHILIPS

Proud partner of Philips.

Our partnership with Philips strengthens our capability as a stakeholder in the industrial resources space, with energy saving professional lighting solutions for demanding environments.

The Netherlands / Explosionproof lighting

BEST FOR Customized industrial lighting solutions, and many more.

Industrial Lighting

Explosion and Water Proof

High and Low Temperature

IoT Enabled Lighting

PRINCIPAL SPOTLIGHT

Belven valves from Belgium.

A complete European range of ball, butterfly, check and gate valves, certified to PED and ATEX, for water, energy and process plants.

Belgium / Industrial valves

BEST FOR

District energy, water treatment, tank storage, petrochemical and fire protection systems.

European technology

Engineered in Belgium and certified to PED, ATEX and ISO 9001, for dependable service in water, energy and process plants.

Competitive pricing

European build quality at a price that fits project budgets, with ball, butterfly, check and gate valves from one supplier.

PRINCIPAL SPOTLIGHT

BOLLFILTER Protection Systems

Boll Filter from Germany.

Since 1950, Boll & Kirch has engineered patented automatic backwash filters that clean themselves in operation, protecting engines, turbines and process lines without interrupting flow.

Germany / Automatic backwash filtration

BEST FOR Marine, power, water and process plants that cannot stop for filter maintenance.

1950

Seven decades of German filter engineering, headquartered in Kerpen.

24/7

Automatic backwash cleaning keeps flow running, with no stops for filter changes.

Marine

Born in engine protection and proven across power and process plants.

Global

Production in Germany and China, serving customers worldwide.

PRINCIPAL SPOTLIGHT

SUFA valves backed by CNNC.

Founded in 1952 in Suzhou and part of China National Nuclear Corporation, SUFA engineers gate, globe, ball, check and butterfly valves for the most demanding services.

China / Industrial and nuclear grade valves

BEST FOR Power stations, petrochemical, LNG and coal chemical plants, and public works.

1952

Seven decades of valve manufacturing heritage in Suzhou, China.

Specialized

Specialty valves for nuclear, LNG cryogenic and conventional power service.

PRINCIPAL SPOTLIGHT

A heritage brand built for utility scale.

Since 1958, Pearl Electric has built transformers, reactors and prefabricated substations in Guangzhou for utilities in over 70 countries.

China

BEST FOR

Utilities and EPC contractors seeking proven power equipment from a six decade manufacturer.

1958

Six decades of transformer manufacturing in Guangzhou, China.

230kV

Utility grade duty, with unit ratings up to 200MVA.

70+

Countries supplied across Southeast Asia, the Middle East and beyond.

600+

Employees, including 50+ engineers, under ISO 9001 and 14001 systems.

OUR BESTSELLERS

Valves lead what our clients buy.

Valves

Gate, globe, ball, butterfly, check and control valves from Sufa, Belven, Tomoe and SCV.

Industrial Lighting

Explosionproof and weatherproof luminaires from Philips for hazardous areas.

Filters

Automatic self-cleaning filtration from Boll Filter for engines and process lines.

Electrical

Transformers and power equipment from Pearl Electric for utility grade duty.

Instrumentation

Measurement and control components for accurate, reliable plant automation.

Metering Pumps

Precise chemical dosing for water treatment and process plants.

Chemicals

Treatment and process chemicals for water and industrial plants.

Odor Control

Odor control solutions for wastewater, facilities and industrial sites.

YOUR SOURCING PARTNER

One partner for every sourcing requirement.

Since 2005, Ultra Power has sourced equipment, parts and consumables for industrial clients. We manage the supplier search, specification checks and logistics, so your team deals with one accountable partner instead of many.

SOURCE MARKETS

Japan / China / Germany / India / USA and beyond

One accountable partner

A single point of contact manages suppliers, quotations and follow up, so your team stops chasing several vendors.

Principal brands, local support

Direct access to leading manufacturers, supported locally by our engineering team in Makati.

Verified specifications

Each requirement is checked against the application, with the documentation you need for approval.

Smooth import and delivery

We coordinate lead times, shipping and compliance, and stay involved through commissioning and after-sales service.

CONTACT US

We don't just supply equipment. We deliver trust, reliability and lasting partnerships.
